

**Natrium Capital Limited**

**10 Bloomsbury Way**

**London WC1A 2SL**

## **Natrium Capital Limited**

**Opportunity for third year Chemistry or Chemical Engineering Masters students**

**8-week Internship – Summer 2019**

### **Job Specification**

#### **Salary:**

£ Competitive

#### **Company description:**

Natrium Capital Limited specialises in providing strategic corporate finance advice to the chemical, materials, bio-tech and alternative energy industries. The focus is on mergers and acquisitions, divestments, and strategic advisory projects. The company was formed in 2012 and is based in Bloomsbury, with strategic alliances in global locations. Natrium Capital has operated a very successful internship programme since 2013, and two former Chemistry interns are now full-time employees. The office is small, hard-working and provides an opportunity for the right individual to become part of the team and get involved in all aspects of the business at an early stage.

#### **Job description:**

The individual will work for eight weeks during the summer vacation starting in June 2019, with an opportunity for permanent employment following graduation. As part of a small team, the analyst will have the opportunity to be a part of all aspects of the corporate finance process and gain exposure to different aspects of executing the assignments through working with senior professionals. The job involves supporting senior staff in a range of research, analytical and presentation preparation roles and working within the team to provide clients with high quality levels of advice in a timely and efficient manner.

Natrium Capital is an equal opportunities employer.

## Person Specification:

We are looking for one or two students who have completed three years of a four year Masters in Chemistry or Chemical Engineering (or similar degree). We are looking for highly motivated individuals with a keen interest in both finance and the Chemical industry.

Prospective candidates should be able to demonstrate the following:

- A commitment to acting with honesty and integrity
- Curiosity to learn about the Chemical industry
- A genuine desire to learn about finance and business
- A keen interest in current affairs
- Exceptional numeracy skills and attention to detail. [This should be demonstrated by a minimum of a Grade A or A\* in Mathematics at A Level and excellent marks in courses of continuing Mathematics education whilst at University.]
- Excellent computer skills – especially MS Word, Excel and PowerPoint
- An ability to work well in a small team
- Good interpersonal skills
- Fluent written and spoken English
- An EU Passport or a UK work permit, with permission to remain in the UK

## How to apply:

Please send your CV and a covering letter to [elizabeth.goldhill@natriumcapital.com](mailto:elizabeth.goldhill@natriumcapital.com). Please include the name and contact details of one referee who can comment on your character, honesty and integrity and a second referee who is able to comment on your academic standing (including any grades achieved at university) and general suitability for the role.
